

Frequencies for Your Life

Healy Bioenergetic Vitalization

Vitality and Energy for Every Age

Vitality. Youthful energy and vigor. At any age. In any season of your life.

In other words, realizing your potential as a human being, both physically and mentally, for many years to come.

Healy Bioenergetic Vitalization is a Healy app supporting vitalization – acting as a counter-balance to an unhealthy lifestyle that can accelerate the premature degradation of mind and spirit.

This is what Healy Bioenergetic Vitalization can do for you:

- Experience-based vitalization tips with a 3 to 6 month plan designed especially for you
- Selected **Individualized Microcurrent Frequency (IMF)** programs, harmonizing your Bioenergetic Field
- Sustainable support for vitalization benefits
- Tracking healthy elements of your lifestyle

Research has studied the effects of certain frequencies or frequency bands on various types of body tissue. The Healy program group “Bioenergetic Vitalization” uses these findings and combines them with traditional frequencies (such as the Solfeggio frequencies) to harmonize the Bioenergetic Field.

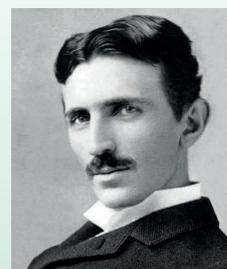

Healy Bioenergetic Vitalization brings you:

- A combination of vitalization tips from different health disciplines.
- 12 specially designed Healy IMF programs in the “Bioenergetic Vitalization” program group. These programs cover many areas of your life that can affect your vitality and energy, thus providing youthful energy and holistic support.
- An easy-to-understand HealAdvisor Assistant, helping you in finding recommendations for suitable IMF Healy programs in any situation.

The Solfeggio frequencies:

396 Hz, 417 Hz, 528 Hz, 639 Hz, 741 Hz, 852 Hz.

According to experts, these frequencies – named after a nearly thousand-year-old tonal theory – can bring the body into balanced and equalizing motion. They can all

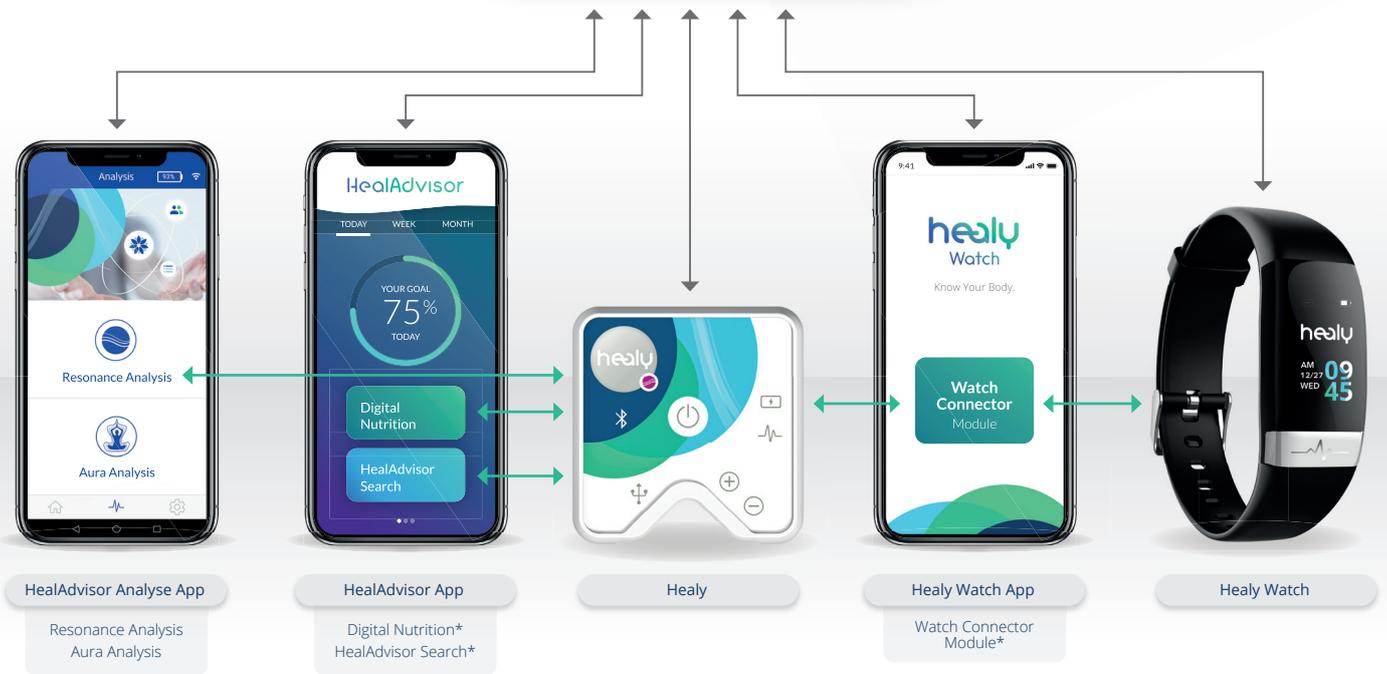

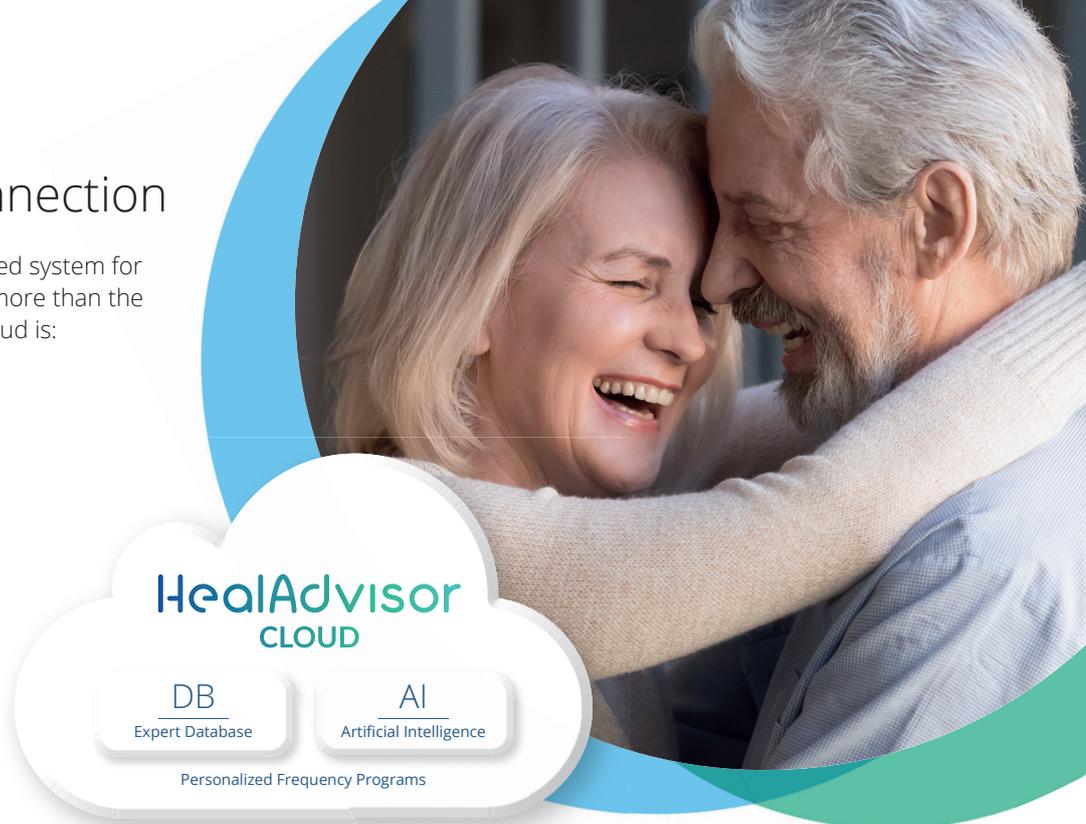

be reduced to the cross sums of 3, 6 and 9. Nikola Tesla called these three numbers the “code numbers of the divine”, the creative force and the energy fields of physical fields and said: “If you knew about the magnificence of the numbers 3, 6 and 9, you would hold the key to the universe!”
